## MENTORING WITH MATH

# MENTORS WANTED

The SFU Surrey – TD Community Engagement Centre and Big Brothers of Greater Vancouver (BBGV) are partnering to offer the Mentoring with Math Program for children in Grades 1-7. The program aims to help elementary school students develop their math skills in a fun way, and to engage them in games and activities with supportive adults.

The program will be coordinated by staff from BBGV and volunteers are needed to help facilitate the math activities and games, and to build relationships with the students.

**We are hosting the program in Burnaby (Tuesdays 4pm-5:30pm) and Surrey (Wednesdays 4pm-5:30pm) from September to December, and February to April. If you are interested in helping out during either or both semesters, or would like more information please contact Trisha Dulku at [tdulku@sfu.ca](mailto:tdulku@sfu.ca).**
